## BLACK TEA

### ENGLISH BREAKFAST

The secret to a superlative British cuppa is getting the balance of black teas just right, from the robust and malty ones with their complex flavours, to the delicate and aromatic types that work on your tastebuds and quench your thirst. When it comes to a proper British tea, accept no compromise.

Origin: Sri Lanka, India, China

### EARL GREY

Perhaps even more so than with English Breakfast tea, getting the right balance is essential to the perfect Earl Grey blend. Our superior version pairs the unique characteristics of fine Chinese and Indian black teas with the distinctive citrusy fragrance of bergamot oil. This produces a light and refreshing but full-bodied tea.

Origin: India

### DARJEELING LEAF FIRST FLUSH

At 1200 meters, the tea plantations of Darjeeling are cool and damp, the perfect environment for growing tea. Made with only the first flush of leaf buds, this subtle but characterful organic tea is rightfully known as the 'Champagne of teas'.

Origin: Darjeeling, India

### LAPSANG SOUCHONG

Large Souchong leaves are roasted and then smoked over rich, resinous pine wood to create this distinctively bright and complex smoky tea.

Origin: China
